

Dear Parent/Guardian,

Great news! Your child now has access to Benchmark Universe—an online resource for classroom reading. Your child will use this resource throughout the school year to complete assignments, and he or she can also use it for his or her own independent reading!

Please take a moment to log in to the site with your child and explore all it has to offer. If you have any questions, please contact your child's teacher. We encourage you to help your child with the use of Benchmark Universe to complete assignments this year.

Sincerely,

- Once you have found an e-book you and your child want to read, **double click** it to get started! (Note: You can click **No** to read the book without creating a customization.)
- If you would like the book to be **read aloud**, set the auto toggle to **ON** and click the play button. 
- If you need **help**, look for the help icon.
